A message from the Chairman

In the early 1870's, my grandfather took the decision to leave farming and concentrate on brewing beer – a decision which has found favour with generations of beer drinkers ever since.

Originally, the beer was destined for local farmworkers mainly during harvest time, but over the years our traditional brewing techniques and equipment, created national and international demand for Batemans. By pony and trap, horse and dray, steam wagon, train, hard tyred lorry and ultimately via our present fleet of modern curtain-sided lorries, our beers have been transported to a growing number of beer drinkers.

Today, Batemans beers are enjoyed in a wide cross section of licensed locations, including almost a hundred of our own tenanted pubs, all of which display the 'Good Honest Ales' slogan, conceived by my father in the 1920's. Our ales are backed by good honest service too, a philosophy of which my forbears would have been justly proud.

George Bateman
Chairman

Conference & Sales Meeting Facilities

What better place to have your conference

or sales meeting; away from the usual sterile hotel environment. Attendees cannot fail to remain interested and stimulated in such an exciting and inspired environment.

The old grain mill, which Batemans Brewery is based upon, houses a meeting room with round table, which comfortably accommodates a maximum of 16 guests.

All the modern presentation aids are available, including PowerPoint, video, O.H.P, slide projector and flip chart.

The adjoining room, which is the old grain store, is ideal for relaxing in, amongst the old Batemans Brewery artefacts and interesting displays.

To help break up the day and provide a little variety, we can organise a short brewery tour and even a traditional pub games competition in the mill games room, with prizes, for the more competitive, rounded off by a few samples in the Windmill Bar. For those who may be interested, one of the brewery directors can also give a short talk about Bateman's colourful history.

The meeting room itself allows you to gaze all the way up to the top of the Windmill, with all its beams and architecture, dating back two centuries.

Vertical view of windmill beams.

We can tailor make your conference or sales meeting to your own requirements, in order to help make your day interesting, relaxing and enjoyable.
